**Final Determination  
September 23, 2016**

## **Southern Regional Technical College, Moultrie Campus**

### **Address**

800 Veterans Parkway North  
Moultrie, GA 31788

### **Chief Administrative Officer**

Dr. Craig Wentworth, President

### **HVAC Department Chair**

Mr. Mike Clements, Program Chair, Air Conditioning Technology

After careful review of the self-study materials of Southern Regional Technical College in Moultrie, Georgia and the on-site team evaluation report, it is the recommendation of the accreditation review board that the Air Conditioning Technology program be granted accreditation for Six (6) years, provided, that all compliance corrections are resolved.

**Compliance corrections must be resolved and documentation received on or before December 23, 2016.** In lieu of completing the compliance corrections within the aforementioned time period, an implementation plan to correct compliance issues that includes a timeline must be submitted for approval prior to the above-mentioned date. Evidence of all compliance resolutions must be documented and filed with:

HVAC Excellence  
Attention Accreditation Review Committee  
P.O. Box 491  
Mount Prospect, IL 60056

You may opt to email the documents to  
Jeannie Birch  
[jbirch@escogroup.org](mailto:jbirch@escogroup.org)

HVAC Excellence reserves the right to require an accelerated timeline of the plan of implementation, and may require a re-inspection. Continuation of accreditation is contingent upon receipt of the required annual reports.

### **Required Compliance Correction**

Southern Regional Technical College shall:

- Use a national outcome assessment exam that provides occupational area specific competency validation, competency breakdown and, comparative analysis to satisfy Standard 5.8 – Student Assessments and Instructor Evaluations.

### **Suggestions**

It is suggested that Southern Regional Technical College in Moultrie, Georgia:

- Label all workstations in the lab area to enhance program tours.
- Start a Cooperative Training Program utilizing the advisory committee.
- Encourage Mike Clements to pursue his Certified Master HVACR Educator (CMHE) credential. This process validates if and where he may need professional development.
- Support Mike Clements with his professional development, such as, attending the 2017 National HVACR Educators and Trainers Conference.

### **Commendations/Recognitions**

Southern Regional Technical College in Moultrie, Georgia is commended and recognized for:

- Employing a highly competent instructor.
- Construction of instructor made trainers and simulators that complement the classroom theory being taught.
- Participating in Skills USA events.
- Participating in the National Honors Society.
