Dear Ms. Schwalls:

On behalf of the National Certification Board for Therapeutic Massage and Bodywork (NCBTMB) thank you for submitting the School Status Form with supporting documentation. NCBTMB has concluded its review of your request and has confirmed that **Moultrie Technical College** is legally operating within the State of Georgia statutes. **Moultrie Technical College** has been granted an Assigned School Code and has been entered into the NCBTMB school database.

Your NCBTMB Assigned School Code is **490192**. Please provide all students this identification number for inclusion on their application when applying for the National Certification Exam (NCE).

As you may know, one of the requirements for an individual to sit for the National Certification Examination (NCE) through the traditional application process is to graduate from a school program that is legally operating within the guidelines set by its state regulatory agency, either through approval, licensing, or exemption from licensing. By verifying your school's legal operation, your graduates will meet this portion of the eligibility criteria needed to take the NCE. **Please note that NCBTMB does not approve any school's program of study or curriculum training.**

Please feel free to contact the NCBTMB Office at 630-627-8000 if you have questions, concerns or need more information about NCBTMB.

Sincerely,

Mark Lausch, Ed.D., M.P.H.
Director of Education
