IPEDS 2015 – 2016 Graduation Rates (GR) Survey

SRTC holds one of the highest graduation rates in the state of Georgia. Our students attend this college for a variety of reasons. While many attend with the intention of graduating from a program of study, many desire only to upgrade their skills and attain employment. Georgia's strong demand for qualified employees place a high premium on the skill possessed by SRTC students. This demand results in an increasingly high number of our students being hired prior to graduation.
