## **Competitive admission requirements into the Practical Nursing Certificate program:**

· All applicants accepted to SRTC (into the first phase of the PN program) are required to take and attain the required score or higher on an in-person Pre-Admission Assessment (TEAS) exam, prior to being accepted into the PN Program. The ATI TEAS (Test of Essential Academic Skills) is a timed exam that includes questions in the following areas: English, Math, Reading and Science.

- The SRTC Admission Office will only accept scores derived from testing conducted in an in-person testing environment. An in-person testing environment is one where the candidate's identity verification is performed through direct, face-to-face interaction without the reliance on web conferencing technologies.
- The PN program requires a minimum total adjusted individual TEAS score of 56%. Applicants are ranked by their scores with the highest scores filling available spots. Applicants have two opportunities (within a 12-month period) to achieve this score or higher and must submit these scores by the application deadline. Only the highest score of the two most recent attempts will be considered during ranking. We strongly recommend that anyone who does not pass the TEAS on their first try undertake remediation before their second attempt. Several copies of the 2024-2025 ATI TEAS Study Manual are in our SRTC Libraries. The TEAS study book can also be purchased online at <https://atitesting.com/teas/study-manual>.
- Applicants who fail to achieve the minimum TEAS score of 56% within two attempts will be ineligible for admission to the PN Program. However, they may reapply and retake the PN Pre-Admission exam after a one-year wait. Previous attempts will then be disregarded, allowing for new attempts to meet the required TEAS score. We strongly recommend any applicant within the one-year waiting period to complete the Associate of Applied Science Degree in Allied Health Professions (AAS) program.
- **The TEAS exam score is good for two years from the month and year of the exam.**

**Tiebreaker:** In the event of a tie in the ranking, the student who has the highest average on the Math and Science sections of the qualifying TEAS exam will be given the remaining seat.

**NOTE:** Students will be required to complete health examinations and a Criminal Background report upon acceptance to the program. A current American Heart Association Health Care Provider BLS CPR card is required of all students entering the program. No other CPR cards will be accepted.

## Student Advisement Sheet

I acknowledge that I have received counseling and advisement as to the preferred course sequencing and acknowledge that it is my responsibility to ensure adherence to the schedule. Additionally, I am aware that after entering PNSG 1600, I have 18 months to complete the program.

A grade of "C" or above is required for successful completion of any course. However, a semester GPA of 2.0 must be maintained to remain in the program. See the Student Handbook.

I understand that if I vary from the prescribed course sequence listed above, I may be unable to graduate within the regular program length and may not be able to schedule courses as needed.
