TEAS Testing:

All Echocardiography applicants are required to take and attain the required score on an in-person Pre-Admission Assessment (TEAS) exam, prior to being accepted into the Echocardiography Program. The ATI TEAS (Test of Essential Academic Skills) is a timed exam that includes questions in the following areas: English, Math, Reading and Science. Applicants are strongly encouraged not to take the TEAS exam until completing A&P I and II OR at least completing A&P I and some of A&P II. Applicants must also have a completed file prior to taking the TEAS exam (excluding current college coursework).

The Echocardiography program requires a minimum total adjusted individual score of 60%. Applicants have two opportunities (within a 12-month period) to achieve this score or higher and must submit these scores by the application deadline. Only the highest score of the two most recent attempts will be considered during ranking. We strongly recommend that anyone who does not pass the TEAS on their first try undertake remediation before their second attempt. Several copies of the 2024-2025 ATI TEAS Study Manual are in our SRTC Libraries. The TEAS study book can also be purchased online at <https://atitesting.com/teas/study-manual>.
