SRTC ASN Program Outcomes (POs) and Success Measures

Program Outcome 1: 60% of all students who begin in the RNSG 1931 nursing course in the Generic and LPN-RN Bridge options will complete the program on-time (Generic option within four (4) semesters and LPN-RN Bridge option within three (3) semesters).

The ASN Program will also collect additional program completion data for 150% completion time frame and the ultimate completion rates for Generic option (225%; within three years) and LPN-RN Bridge option (200%; within two years).

Program completion calculates the number of students from the first nursing course (RNSG 1931) through completion of the courses required for the conferral of an Associate of Science in Nursing Degree. (Data based on Academic Year July 1 to June 30 and complete three-year data for program options and campus locations.)
