Notification

Students receive initial acceptance into the Surgical Technology program. The progression into the occupational courses of the program is contingent on the successful completion of the highlighted pre-requisite courses with the required GPA by the required date and non-highlighted pre-reqs by the end of Summer semester. The number of available openings in the occupational courses varies based on the number of clinic slots in the program as a whole and may vary by campus and semester. Openings are filled from the highest GPA. Program accreditation sets a specific number of admission seats for the Surgical Technology program. Any student not admitted into the program may re-apply for the following year.
