The fee is non-refundable except in the event the Loan is cancelled in full by my Eligible Postsecondary Institution.

- C. Credit Bureau Notification**
- Information concerning the amount, disbursement, and repayment of my Loan may be reported to one or more national consumer reporting agencies.
- D. KIT Payments While Enrolled in School and During Grace Period**
- During the In-School Period and the Grace Period, I must make monthly Keep In Touch Payments (KIT Payments) to the

and balance, but I agree that my obligation to make each such payment is not dependent upon my receipt of the statement. The initial KIT Payment shall be due approximately 60 days after disbursement of the Loan.

E. Repayment Period

1. I am obligated to repay the full amount of the Loan and accrued interest. It is my responsibility to notify the Authority of my postsecondary enrollment status. I will repay the principal and interest of my Loan together in periodic installments during the Repayment Period. Payments shall be at least fifty dollars (\$50) per month and will be more, if necessary, to repay the Loan within the required time period. The Authority will provide me with a repayment schedule and disclosure statement that identifies my payment amounts and due dates. My repayment schedule may include all of my SALs. I agree that the Authority may grant me forbearance for purposes of aligning payment dates on my SALs or to eliminate a delinquency that persists even though I am making scheduled payments. I may repay all or any part of the unpaid balance on my Loan at any time without penalty. All payments will be applied first to any outstanding unpaid fees, then to outstanding interest, then to principal.
 - a. **Deferment of Principal and Interest Payments During the Repayment Period:** I may apply for deferment of the collection of installments of principal and interest for such cause as unemployment, economic hardship, active duty military service, or if I am enrolled at least half-time at an Eligible Postsecondary Institution by submitting to the Authority a written request for such deferment as provided by the Regulations, in which case the Authority may grant me a deferment from making such payments for such period, if any, as the Authority shall designate in accordance with the Regulations. KIT Payments are not eligible for deferment.
 - b. **Forbearance of Principal and Interest Payments During the Repayment Period:** I may apply for a discretionary forbearance of payments, not to exceed 24 cumulative months, during the Repayment Period under certain conditions as determined by the Authority. Conditions under which forbearance may be granted include, but are not limited to:
 - 1) Economic Hardship – after maximum allotment of time is reached for deferment;
 - 2) Unemployment – after the maximum allotment of time is reached for deferment; or
 - 3) Physician-documented poor health or a prolonged illness or disability that does not meet applicable disability cancellation criteria.
2. If I do not pay interest to the Authority prior to the start of the Repayment Period, such interest will be capitalized and thereafter be Capitalized Interest. If I am granted forbearance and if I choose not to pay accruing interest charges such interest charges will be capitalized and thereafter be Capitalized Interest. Interest accrues during forbearance periods, but does not accrue during deferment periods.

F. Default

1. At the option of the Authority, this Loan shall be in default after any notice required by law if I fail to make regularly scheduled payments for a period of 270 days during the Repayment Period. Upon any such default, the interest rate on my Loan shall be five percent (5%) per annum from the date of such default, until the Loan, accrued interest, and all other amounts payable to the Authority are paid in full.
2. If I default, this may be reported to national credit reporting agencies and may significantly and adversely affect my credit history. This may adversely affect my ability to obtain credit in the future.
3. Except as prohibited by federal or other state laws, individuals that fail to fulfill the terms and conditions of cash repayment may, without judicial action, be subject to garnishment of their pay, loss of a professional license, offset of lottery winnings, and offset of a state tax refund in accordance with rules and regulations promulgated by the Authority not inconsistent with the provisions thereof.
4. If I default on the loan, I shall pay to the Authority or its agents the reasonable collection fees, court costs and attorney fees not to exceed 15% of the unpaid principal balance and accrued interest after default.

G. Interest

1. **Accrual:** Interest on this Loan accrues at the fixed simple interest rates set forth above. Interest begins to accrue on the date of each disbursement and continues to accrue until the Loan is paid in full. Interest accrues on the unpaid principal sum to the extent it is disbursed, and on the unpaid Capitalized Interest. Interest is calculated on the basis of 365.25 days in a year. If I am granted forbearance and if I choose not to pay accruing interest charges, the principal balance will increase each time the Authority capitalizes unpaid interest. As a result, I will pay more interest charges over the life of the Loan. When I leave school and begin repaying the Loan, my monthly payment amount may be higher.

The interest rate may be higher or lower than your Annual Percentage Rate (APR) because the APR considers certain fees
